

Annual Disability Statistics Collection

From the Center for Research on Disability

Disability Statistics & Demographics
Rehabilitation Research & Training Center

University of
New Hampshire
Institute on Disability

Acknowledgement

- Annual Disability Statistics Collection is a product of the Rehabilitation Research and Training Center on Disability Statistics and Demographics (StatsRRTC).
- Funding is from the National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR), grant number 90RTGE0001.
- The information developed by the StatsRRTC does not necessarily represent the policies of NIDILRR, and you should not assume endorsement by the Federal Government (Edgar, 75.620 (b)).

Objectives

- Overview of the Collection
- What does the data say?
- Introduction to the website
- Technical Assistance
- Questions and Answers

Background

- In the U.S. disability statistics are often difficult to find or scattered across multiple sources.
- The Compendium and the Supplement aim to compile all these statistics in one place.
- The goal is to bridge the gap between producers and consumers of disability statistics.

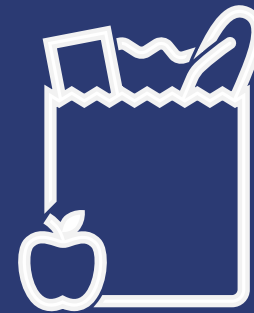

The Annual Disability Statistics Collection

- The Annual Disability Statistics Compendium
- The Annual Disability Statistics Supplement
- The Annual Report on People with Disabilities in America
- The Annual Disability Statistics Compendium Standard Errors Companion
- Three Infographics
 - Experience of People with Disabilities in Rural America
 - Social Inequities Experienced by African Americans
 - Disability Experiences of Veterans Ages 18-64

Six Disability Types

Topics Covered in the Collection

Population &
Prevalence

Functioning

Employment

Industry &
Occupation

Earnings

Poverty
